

## Third JASTIP Symposium – ASEAN-Japan STI Collaboration for SDGs - (2017/2/5)

Theme : ASEAN-Japan STI Collaboration for SDGs  
 Location: Bangkok, Thailand

On February 5, 2017, the Japan-ASEAN Science, Technology and Innovation Platform (JASTIP) organized the Third JASTIP Symposium at Pullman Bangkok Grande Sukhumvit, Bangkok, Thailand.

About 100 participants from Japan and ASEAN countries attended the symposium. The opening speeches were given by Prof. Kayo Inaba (Executive Vice-President for Gender Equality, International Affairs, and Public Relations, Kyoto University) and Ms. Cheong Lee Sing (Assist Director, Head of Science and Technology Division Sectoral Development Directorate, ASEAN Economic Community Department, ASEAN Secretariat).

Asst. Prof. Natt Leelawat of the International Research Institute of Disaster Science (IRIDeS) participated in this symposium and gave an oral presentation and a poster presentation in the topic of “*ICT Use in Disaster Evacuation of ASEAN Citizens: Lessons Learned from the 2011 Great East Japan Earthquake and the 2016 Kumamoto Earthquakes*”. It is a project of JASTIP-Net 2016. His JASTIP-Net research team members include Assoc. Prof. Anawat Suppasri, Prof. Fumihiko Imamura, Dr. Abdul Muhari (Ministry of Marine Affairs and Fisheries, Indonesia), Dr. Mongkonkorn Srivichai (Rajamangala University of Technology Lanna Chiang Rai Campus (RMUTL Chiang Rai), Thailand), and Ms. Elsie Benedict Jaimin (Malaysian Meteorological Department, Malaysia).

Many participants were interested in this research as many of them came to discuss and ask some questions during the poster session. The symposium was successfully done with various fruitful knowledge and progresses.
