

IRIDeS member has been invited to give a special lecture at Rajamangala University of Technology Lanna Chiang Rai Campus, Thailand (2017/02/06)

Theme : Disaster Education  
Location: Chiang Rai, Thailand

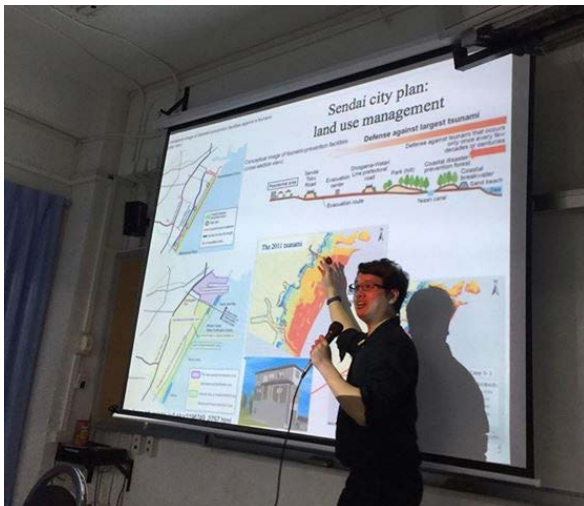

On February 6, 2017, Asst. Prof. Natt Leelawat of the International Research Institute of Disaster Science (IRIDeS) was invited to give a special lecture about disaster education and building damage analysis from tsunamis to undergraduate students of the Department of Civil and Environmental Engineering, Faculty of Engineering, Rajamangala University of Technology Lanna (RMUTL) Chiang Rai Campus, Thailand.

Chiang Rai was one of the affected areas from the 2014 Mae Lao earthquake. This lecture provides the idea of how to prepare and response to the future natural disasters as well as introducing a research on building damage analysis. The students were interested in the lecture, especially the experience shared by Asst. Prof. Natt Leelawat.
