

第2回 APRU マルチハザード Webinar シリーズ(全3回)を開催しました (2020/09/30、10/14、10/28)

テーマ：APRU マルチハザードプログラム、COVID19, オールハザード

2020年9月30日、10月14・28日に、第2回 APRU マルチハザード Webinar シリーズ” A new approach for disaster risk management after COVID-19” を開催しました。3回のセッション合計で、1514名の登録と784名の参加がありました。

今回のセッションでは、自然災害に加えて COVID-19 のような生物災害、化学・産業災害、原子力災害などを含め総合的な災害リスク・防災について、それぞれの災害の専門家を講演者に迎え議論しました。すべてのセミナーの中で、大変多くの質問を視聴者の方々から頂き、大変活発な質疑応答の時間を毎回設けることができました。また、通常ではご参加いただけない南北アメリカやヨーロッパなど遠方からの参加も多く、オンラインでのこのようなシンポジウム開催の有効性と国際発信力の高さが明らかとなりました。

発表スライドとセミナーは APRU ウェブサイト掲載のリンクから視聴可能となっています (<https://apru.org/event/the-apru-multi-hazards-webinar-series-a-new-approach-for-disaster-risk-management-after-covid-19/>)。
