

## IRIDeS faculty member received an outstanding alumni award from Faculty of Engineering, Chulalongkorn University (2026/5/29)

Theme: Alumni award  
Place: Bangkok, Thailand

On the 29th of May 2026, the Faculty of Engineering, Chulalongkorn University celebrated the 113th anniversary with an award ceremony for those who accomplished good research and academic performance as well as outstanding alumni. Associate Professor Anawat Suppasri (Tsunami Engineering Lab) received the outstanding alumni award this year based not only on his own high research and social contribution performance, but also long-term contribution to both the Faculty of Engineering and other faculties of Chulalongkorn University. This award is another step towards strengthening collaboration between IRIDeS and institutions in Thailand along with the UREX1 (Japan's First University for International Research Excellence).
